

SMART Board 6000S Series

Best in Class

SMART®

V3

Get Simple

Offering powerful capability without complexity, the SMART 6000S is as easy to maintain and future-proof as it is easy to use.

Click below for a demonstration:

Built to last

Meeting the world-leading standards for quality, safety, environmental and regulatory compliance, using third-party verification, and backed by technical support services and SMART Assure warranty coverage (region dependent). It also comes with a subscription to **SMART Remote Management software**.

Get Engaging

Designed-for-education iQ experience and exclusive Tool Explorer™ technology, plus interactive software and resources for every grade and subject area are included – free with every display, no subscription needed.

Screen Sizes

65" | 75" | 86"

Get Connected

Easily connect and interact with your devices and content so they do more to support active learning – in and out of the classroom. Split Screen mode is also available (from iQ 3.14)

Multi-user touch.

Featuring up to 40 points of touch, and Object Awareness to detect pens and touch automatically, intuitively write, erase, touch and gesture at the same time, assisted by SMART Ink.

Plug & Teach

Connect multi devices, such as desktops, laptops, visualisers, and easily switch between them all on demand. With USB-C also available, use one cable to give touch, view, and even charging the plugged in device.

SMARTMirror Screen Share

Connect your entire class to your board without individual logins, plus with added touchback support, students can interact with the board from their device.

For the Future

SMART displays with iQ provide free automatic Over-the-Air updates, providing a hassle free way to upgrade your display(s) without a manual process, freeing up staff main.

Remote Lessons

With strong camera and fully integrated microphone array, you're able to move around the classroom, and maintain your link to students remote from the classroom, maintaining full engagement through all major video conferencing providers.

iQ & Android 11

iQ utilises Android 11, and more powerful than ever, with fewer clicks saving teacher time, while offering full connectivity to your online drive files, when you need them.

6000S Series

“With our 6000S going in our classrooms, pupil engagement has increased along staff confidence in technology, due to the versatile and reliable performance of the panels. They have been a revelation.”
