

ViewBoard 50 Series

Today's lessons made easy

ViewSonic®

V4

Customise your Teaching

Utilise the latest touch board at your finger tips, and expand further with a range of accessories to compliment your ViewBoard.

Easy on the Eyes

The ViewBoard® 50-4 Series employs the latest technology to safeguard the eyes of both children and adults, while not compromising on the high-quality visual experience. Flicker-Free Technology, TÜV-certified low blue light, and anti-glare coating work together to provide safe and comfortable use, all day long.

Plug-and-Play Connectivity

Eliminate untimely starts and complicated cable layouts with the USB-C one-cable solution. Facilitating both power and data transfer through a single lightweight cable, allowing you to simply connect their laptop, tablet, or smartphone for instant presentation functionality for effortless and punctual starts every time.

Screen Sizes

98"

Special Features

- Newly designed for better lesson delivery, with:
- Immersive Multimedia Sound Bar boasting 2 x 16W speakers
 - Responsive 8-Mic Array

Helping schools use technology to deliver better education

Fine Touch

The 4K Ultra HD comes with Ultra Fine Touch and palm awareness technology, giving a natural writing experience with dual pen. 20-point touch capability supports in-class or online student collaboration, supported by 10 points of writing.

Adaptability

Using the microphone array, you can connect with students using devices remotely to improve student engagement, and allow them to interact with the board.

Connectivity

Using USB-C, video and power with no preparation or technical know-how required, Teachers simply plug-and-play for immediate presentation, whiteboarding, and collaborative functionality using the familiar software of their own device.

Efficiency and Security

Android 9 OS powered by an octa-core CPU for optimised efficiency and security. The fully native and embedded OS ensures a seamless, up-to-date, and elevated user experience.

ViewBoard Cast

Connect wirelessly with your board, using all the board's presentation and collaboration tools. Also connect with a device's internet browser and supports multi-user casting with 4-way split screen.

Simplified Management

IT Managers can use in-browser based myViewBoard Manager to update, schedule and manage multiple displays remotely, and using Android 9, is fully software compatible with all common devices for connectivity.

ViewBoard 50 Series

“The ViewBoard software is easy and simple to use, allowing staff and students to easily use the board straight off in lessons.”
