ViewBoard 52-2F Series
Today's lessons made easy

ViewSonic®

One-cable Solution

Designed for ease of use, the comprehensive connectivity setup is complete with three conveniently located USB-C ports. This one-cable solution streamlines your workspace, delivering swift multimedia playback, smooth data transfer, and efficient device charging.

Enhance Learning Experiences

Make lessons and activities dynamic with split-screen multitasking such as whiteboarding and video streaming or brainstorming answers alongside test questions side by side for seamless productivity. Create interactive lessons within WhiteBoard, including pop quizzes, an infinite canvas and times.

Expand teaching horizons

Integrated access to the Google Play Store and Workspace suite simplifies collaboration. Supported by Android™ 13 and EDLA-certification, you have full access to the Google infrastructure, including access to automatic Android security and app updates, and all the educational applications via Google Play Store.

G EDLA Certified by Google
